

## Members Exchange Community Scholarship

Community service refers to volunteer work to help people or the community. Members Exchange Credit Union embraces this service to our community and we would like to honor a graduating senior who also understands the importance of community service.

This scholarship is based on community service and commitment to post-secondary education. As long as you are accepted into a university, college, vocational-technical school, or other post-secondary institution, and show a commitment to your community and volunteer work in community service, you will be qualified as a potential candidate for this scholarship.

**Name:** \_\_\_\_\_

**Address:**  
\_\_\_\_\_
